

WHAT IS Erasmus Plus-OPATEL PROJECT?

OPATEL is a three years project started on October 15, 2016, and funded by the European Union through Erasmus+ programme that concentrates on providing Iraqis and Iranian students and teachers with competencies and skills needed by using Learning Management Systems (LMS) in Education.

This project will focus on development of online platform for teaching and learning by constructing of E-Learning training center in Iraqis and Iranian universities by:

- Developing the abilities of the staff in the universities to use ICT in teaching
- Training and following up with staff and students on how to develop, share learning objects, and collaborate their courses, presentations and exercises on online platform.
- Improve quality of teaching and learning by building capacity of universities in how to evaluate, develop and design e-courses.
- Enhancing cooperation with EU partners through mutual visits to develop strategies in how to move from teaching to learning and developing scalable sustainable solutions.

PROJECT AIM

The aim of OPATEL consists in establishment and development of E-Learning center to train staff and students in Iraqis and Iranian universities by using online platform for teaching and learning to be as a hub for using best practices in ICT in education, as well as raising competencies of lecturers and teachers by enhancing the learning processes of students.

OUTCOMS

Establishment of E-Learning training Centers at each partner university.

Training of teachers and students for using e-platform and Learning

LMS

Learning Management Systems in Education

Development of an educational LMS with access resources as e-platform for providing online teaching course
